VOL. 16 NO. 21

Former Michaelman Will Speak At Commencement

1963 Commencement speaker Bernard L. Boutin.

Back in 1945, the valedictorian of St. Michael's College packed his diploma, his saxophone, the rest of his luggage and returned home to Laconia, N.H.

On June 3, that valedictorian, class president, editor of the college magazine, basketball player and sax player par excellence returns to give the Commencement Address for his Alma Mater.

He is Bernard L. Boutin who will receive from St. Michael's the honorary degree of Doctor of Laws.

Today he is the administrator of the huge \$11 billion General Services Administration, the rambling federal agency that does more business annually than Union Carbide, Ford Motor Company and U.S. Steel combined. GSA grew out of the Hoover Commission's efforts to make governmental operations more efficient and less costly and President Kennedy picked the St. Michael's alumnus to do the job.

WELL PREPARED

Boutin had prepared well for the job. After graduating, he joined his father in the insurance and real estate business at Laconia. His father served two terms in the New Hampshire House of Representatives and Bernard Boutin decided to follow him into politics.

He twice served as mayor of Laconia. For four years he was Democratic National Committeeman and ran twice for governor, staging campaigns that are credited with helping elect the

Democratic incumbent. He worked in both the New Hampshire and Maryland primary campaigns as an early Kennedy supporter. He was executive director of the Kennedy for President campaign in New Hampshire.

Called to Washington shortly after President Kennedy's election, Boutin became Deputy General Services Administrator early in 1961. On Nov. 23, 1961, he was named Administrator and was confirmed early in 1962 as head of the agency that employs more than 30,000 people throughout the world.

HONORED ALUMNUS

A frequent visitor to campus, Boutin has been a keynoter for Career Day, has been a national director of the St. Michael's Alumni association in New Hampshire and in Washington and has

Parents' Weekend is being held on campus this weekend. The affair will get underway Saturday morning when the parents will be able to attend classes right along with their sons.

In the afternoon, following a luncheon in the cafeteria, the parents will go to the dormitories to see how their son lives away from home. This open house will be followed by the President's Reception and Faculty Wives' Tea in Alliot Hall.

Sunday morning a special "Mother's Day" Mass will be said at nine o'clock in the Playhouse. On Sunday afternoon, the St. Michael's Air Force ROTC Wing will hold the Military Review bringing to a close Parents' Weekend, 1963.

The following is a schedule of Parents' Weekend:

SATURDAY, MAY 11

8:30-12:30 Parents may attend classes, room permitting,
12:00-1:20 Luncheon in Alliot Hall. (Guests)
1:30-4:30 Dormitory open house followed by President's Tea in Alliot Hall.
7:30-8:15 Air Force ROTC Band concert on the patio in front of Alliot Hall.
8:15 Joint Glee Club concert in Austin Hall.

SUNDAY, MAY 12

9:00 Special "Mother's Day" Mass in Play house.
9:30 "Coffee break" in Alliot Hall.
1:30 Military Review in the stadium.

Smith Defeats Jack In Close Forum Elections

Outgoing Forum president Patrick S. Bergin hands over his gavel to newly elected 1963-64 Student Forum officers after Thursday evening's elections. Smith Scores

Win In Forum

Just before The MICHAELMAN deadline Thursday evening, Junior Michael P. Smith, 2 year president of the Class of '64 and recording secretary of this year's Student Forum, won over classmate William D. Jack in a bid for the 1963-64 Forum presidency.

Jack, Co-chairman of the 1963 Junior Weekend, staged a two day whirlwind campaign which nearly won him the top post.

In the vice-presidential race, Juniors Thomas McHale, Sociology Club president, and Paul B. Simmons, MICHAELMAN editor, vied for that office with McHale winning the contest.

Prior to the balloting, both sets of candidates spoke to the Forum assembly concerning their platforms and qualifications and then entertained questions from the floor. The "debates" were broadcast over WSSE.

All other Forum posts were uncontested. As treasurer, the new Forum picked William Eagan, Class of '64, treasurer and MICHAELMAN Forum columnist. The remaining offices went to freshmen with the recording secretary's spot going to Robert Grace, Class of '66, vice-president, and the corresponding secretary's post to James Ryan, '66, treasurer.

Few Surprises

In Class Votes

by M. Wick Burns

On Tuesday May 7th, the annual class elections were held in Alliot Hall. This year more than 80% of the Michaelmen eligible cast their votes to chose their new class officials.

In the race for class presidencies, the Class of 1964 elected William Batewell of Bellport, L.I., who was unopposed, as their leader for Senior year.

The Class of 1965 chose Frank Geier of East Greenbush, N.Y., as the new Junior Class President by casting 146 votes in his favor. Also elected by the incoming Juniors to the important posts of Co-Chairmen of Junior Weekend 1964 were Ron LeClerc of Dracut, Mass., and Thomas Edwards from Scituate, Mass. They decisively defeated their opposition, amassing a total of 118 votes.

The Class of 1966 elected Henry Amoroso of Quincy, Mass., who had a total of 179 votes, to the post of Sophomore Class President.

Class vice-presidencies went Michael Martin, '64, who also ran unopposed, Bob Etherson, '65, with 174 votes, and Rusty Grace, who received 136 votes.

For the office of secretary, Ronald Lysik, '64, William

1963 Kudos Announced: Shriver Among Honored

St. Michael's College will confer six honorary doctorates at its 60th Commencement, Monday, June 3.

The president of St. Michael's, the Very Rev. Gerald E. Dupont, S.S.E., said that the honorary degree, Doctor of Laws, will be conferred on three laymen and three clergymen.

They are: Bernard L. Boutin, alumnus and administrator of the General Services Administra-

tion, Commencement speaker.

Most Rev. Joseph A. Durick, auxiliary bishop of Birmingham-Mobile, Baccalaureate speaker.

Very Rev. Msgr. Michael F. Dwyer, director of Catholic Charities in the New York archdiocese.

Rt. Rev. Msgr. Sylvester J. Holbel, superintendent of parochial schools in the Buffalo diocese and president of the National Catholic Music Education Association.

Oren Root, New York City, superintendent of banks for the State of New York and a past president of the National Mental Health Association.

R. Sargent Shriver, Jr., Chicago, Director of the Peace Corps.

The Michaelman

THE WEEKLY STUDENT NEWSPAPER OF ST. MICHAEL'S COLLEGE, WINOOSKI PARK, VERMONT

THE END OF A GOOD YEAR . . .

With this the Parents' Weekend edition, another publication year has ended for THE MICHAELMAN and another big year has all but ended for all Michaelmen. We think it has been a good year in many respects: notably in academics, sports, social affairs and cultural events.

While the academic year is difficult to assess in quantitative terms, the number of scholars on the first semester Dean's List can be viewed as symptomatic of a growing scholastic atmosphere on the campus.

In sports, the various team records bespeak fine efforts by our varsity teams. On the social front, a successful Military Weekend and the rebirth of a Winter Weekend at St. Michael's followed by the remarkably well-organized Junior Weekend of last week provided a good balance of social events for the college community.

. . . AND IN THE ARTS . . .

What was perhaps the most marked progress over the past year was evidenced by the cultural programs on campus. The several well-received concerts staged by the Music Department under Mr. William Tortolano coupled with the popular productions of a re-born Dramatics Society under resident theaterman Mr. Donald Rathgeb added considerably to the cultural atmosphere of the campus as did the interesting exhibit of resident artist Mr. Cyril Sloane's special art class.

And last, but not least, was the Forum Lecture Series which presented a good balance of interesting, informative speakers to the student body.

The attendance at all of these events has repeatedly shown that a good number of Michaelmen have interests in things other than just sports and dates and vacations and themselves. We hope that the coming year will see an even greater participation by the student body in the cultural life of the community.

A NEW YEAR FOR THE FORUM

With Michael Smith's election Thursday as Student Forum President, the Forum is assured of another year of positive leadership. We wish Mike well in his new, and difficult, job.

Over the past year, the Forum, under President Pat Bergin, has accepted an increased responsibility for, and interest in, the affairs of the student body. (For a summary of this year's Forum activities and accomplishments see Bill Eagan's column, THE FORUM, on this page.)

While we feel that student government at St. Michael's is yet far from having the voice and authority that it should have in student affairs, we have been gratified to see that the administration recognizes the need for an effective student assembly and has allowed the Forum to influence somewhat a few of the college's practices and policies.

It is our hope that in the future, the Forum will continue to grow in every respect and that the administration will allow it a voice commensurate with its increasing maturity and responsibility.

The Lilly Pad

After last weekend it took many of the Juniors a few days to recover from the damages. Junior Weekend, it must be said, was a great success in 1963. Let history note the wonderful times had by all and let it also note the achievements of Mike Martin and Bill Jack, the co-chairmen who were the ones directly responsible for its successes. The other members and committee heads should be commended, too, for the work that they did.

With the weekend came many a happening which will not be forgotten by Juniors for a long time. Friday night get togethers, and Saturday afternoon barbecue and the Drill Team's exhibition, but most of all the after-the-ball parties at Howard Johnson's or the Cupola, among them.

Here it should also be noted that the students and their dates were very well behaved and showed nothing but good manners. They were definitely a credit to their parents and to the school.

Meanwhile, the baseball team has been playing like the Mets, being hot one day and cold the next.

This being the last edition of The MICHAELMAN for the academic year, I would like to take a moment to step into the first person singular and thank all of you who have read the Lilly Pad so regularly, Luis Villares and Paul Simmons who have permitted me to write it and who had the courage to print it, and most of all to Mr. Donoghue, the congenial Director of Public Relations at SMC, who supplied me with so much advice and encouragement. What I learned from him during the past 10 months could adequately fill a six credit course.

Thanks to everybody!!!

Word from Father Ziter's office says that the recent clothing drive sponsored by the Holy Name Society was a success again. This, and other similar drives that have been successful, definitely proves that a large number of the students are very generous with their time and articles. It's really too bad that the Free Press doesn't play up the creative activities of SMC students the way it does the destructive ones. They might be overpowering and surprising.

The Forum

Editor's Note: This week veteran MICHAELMAN Student Forum columnist, Bill Eagan, presents his editorial views on the accomplishments and activities of the 1962-63 Student Forum assembly.

by Bill Eagan

The Student Forum for 1962-63 has finished its business for the year and the new Forum for next year is ready to take its place. In retrospect the Forum's activities provide an interesting study. The major trend in this year's Forum was a trend toward an increased voice for the student body in the affairs of the college community. The Forum was set on the road toward true student government.

The Forum advanced its authority into nearly every aspect of life on the St. Michael's College campus and made a contribution in each. One of the main accomplishments of this year's Forum was the re-introduction of a Winter Weekend. This social endeavor has been missing for several years and its comeback helps to fill the social calendar. Next year's Forum should recognize the need for this and make every attempt to continue it.

CONTRIBUTES TO SOCIAL LIFE

The Forum also made a valuable contribution to the social life in several programs that centered around the basketball team. The formation of the cheering squad helped to concentrate the students' enthusiasm; the broadcasting of away games gave the students the opportunity to be with the team in spirit, if not in fact; and the sponsoring of the first pep rally of the year built spirit without alienating our neighbors.

The Forum forged ahead in other fields besides the social. The initiation of a "Career Night," which, though not well received, was a well planned program and should continue to be presented for the instruction of the student body. Also in the field of life-after-graduation, the Forum filled a void that has been in existence on campus for some time. This was the building of a library of graduate school catalogues for the use of those students planning on continuing their education.

SENIOR PRIVILEGES

The committee for Senior privileges was active this year, as were the other committees. The Senior privileges were a great step forward in their own regulation. Programs along this line of thought should be not only continued, but the administration should encourage their expression.

The Forum was active this year in streamlining and revising its own operation. Several amendments were proposed and passed that will clarify the workings of the Student Forum. One amendment was passed in the beginning of the

year which gives the incoming Freshman class some operating capital for its treasury. This was another example of the "forward look" in this year's Forum.

Finally the Forum was active in the more mundane, but important area of Student Welfare. It appeared some weeks that The Student Welfare Committee was the only committee in the Forum, but the tasks assigned to this committee were handled very well. Through this committee the Forum helped to revise the Sunday meal schedules, introduced the idea of cable TV, and saw to many other varied things such as parking lot chains, basketball hoops, and road pot-holes.

MUCH UNDONE

Though much was accomplished this year, much was left undone. Several measures were brought forward and then were seemingly allowed to retire to oblivion. The most important of these was the matter of club trips. The financing of these causes controversy every year, but the issue was allowed to stagnate in the Finance committee this year.

The Forum went down to defeat once this year on the idea of changing the Christmas vacation dates in order to ease the burden of the return to campus. The schedule had been set and once set, things are not allowed to change, beneficial or not.

All was not serious in the meetings of this year's Forum. The Junior Class added a touch of comedy with a well-planned "secession" from the "oppression" of the Forum. After winning the sham battle of Mike-town field, they generously consented "to return to their floundering fellow students."

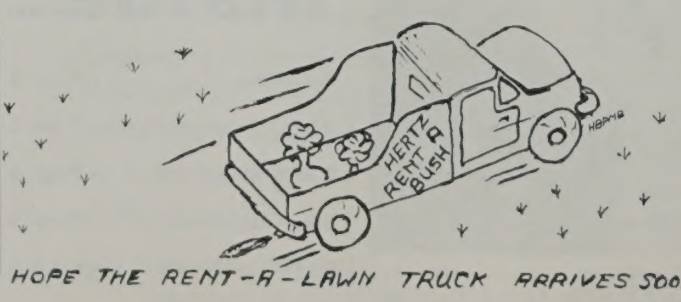

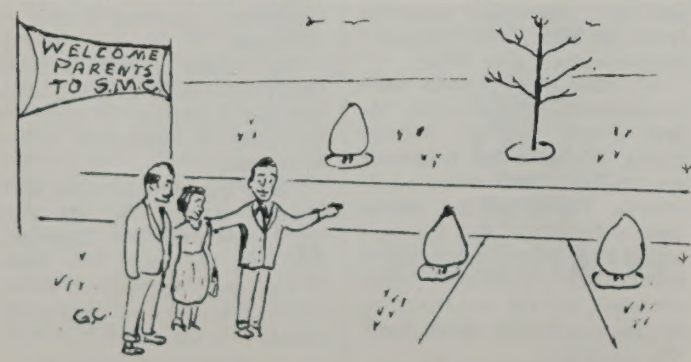

RIGHTS AND RESPONSIBILITIES

Thus ended the year for the Student Forum. The Forum's evident step toward a greater voice in the daily life of the campus is admirable and should be encouraged. Student government is the right of the students and they are losing for themselves a great opportunity if they do not exercise that right. It should be noted also that the right of student government also entails certain responsibilities and this year's Forum showed an increase in the realization of these responsibilities as well as extending the use of its rights.

The officers of the Forum should be congratulated on a job well done, especially President Patrick Bergin. The trend has been set. We only hope that the trend will not be allowed to lose its momentum.

NO KIDDING

May 9, 1754 — The first newspaper cartoon appeared in America when Benjamin Franklin's famous "Join or Die" cartoon was printed in his own newspaper, the *Pennsylvania Gazette*. The illustration depicted a dissected snake, each part representing an American colony.

Knights Pledge \$500 To Campus Chapel Drive

K of C Grand Knight Don Cipriano presents Knights' \$500 Chapel Fund gift to V. Rev. Gerald Dupont, S.S.E., St. Michael's College President as K of C Chaplain Rev. Gerald Duford looks on.
(Duganphoto)

On Sunday May 6, Mr. Donald Cipriano, the Grand Knight of the St. Michael's K of C pledged \$500 to the Chapel Fund Drive which is currently under way. The Council at SMC has assisted the college in the past with its various charitable and fund raising activities. The money that the Knights have pledged is expected to be raised through several social functions in and around the Burlington area. Currently the John Verret

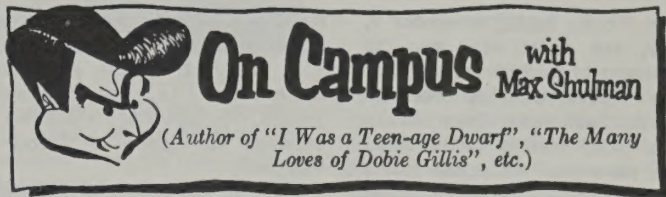

Council here is one of the leading K of C organizations among the many that are spread over the other colleges and universities in the country. It has achieved this status by being able to maintain a large membership as well as through the various public service functions it performs. The pledge was made to very Rev. Gerald E. Dupont, S.S.E., the president of St. Michael's, and the money will serve to purchase a pew in the new chapel when it is finally completed.

For. Student "Integration" Goes Well

by James Bosjolie
The practice of housing foreign students in the dorms with the regular students of the college has succeeded very well. Fr. Couture, director of the foreign students, states that he is well satisfied with the plan and says that Fr. Gokey and all the priest proctors he has spoken with were very well pleased with the setup. As of now, the distribution of foreign students on campus is as follows: 45 students in Founders, 12 in Alumni, 4 in Lyons, 1 in Joyce and 2 living off campus. The majority of these students are from Latin America, but some come from Turkey, Iran and other far-away places. The students are an active, curious group wanting to know how Americans live and spend their time. The college therefore arranges many trips for them in and around the area. The students have traveled to the IBM plant in Burlington, the Shelburn Museum, and the Legislature at Montpelier. Recently six of the foreign students of St. Michael's participated in a panel discussion at Champlain College. The subject was Cuba.

SMC Spiritual Director Sets Plans For Fall

As the academic year draws to a close, so also the spiritual year. Throughout the year Fr. Nelson B. Ziter, S.S.E., Spiritual Director on campus, has arranged to have one spiritual affair per month. In October the Retreat was held; in November, the Triduum in honor of St. Edmund; in December, Liturgy Day; in January, the Triduum for a State in Life; February, Forty Hours; in March Vocation Week; in April, the Eastern Rite Mass; and May, the Mother's Day Triduum. For each of these occasions, a chairman is chosen from the Holy Name Society, and he picks his committee from members of the student body. At present, Fr. Ziter is working on a new plan for the next spiritual year, but it is as yet unfinished, and not ready for release.

HOW TO SEE EUROPE FOR ONLY \$300 A DAY: NO. 3

When all of you go to Europe during your summer vacation, you will certainly want to visit Spain, where the tall corn grows. The first thing you will notice upon entering Spain is the absence of sibilants. In Spain "s" is pronounced "th" and thereby hangs a tale. Until the reign of Philip IV—or Guy Fawkes, as he was sometimes called—Spaniards said "s" just like everybody else. Philip IV, however, lisped, and Spaniards, having an ingrained sense of propriety and not wishing to embarrass their monarch, decided that *everybody* should lisp. This did indeed put Philip IV very much at his ease, but in the end it turned out to be a very bad thing for Spain. It wrecked the sassafras industry—Spain's principal source of revenue—and reduced the nation to a second-class power.

As a result, Spaniards were all forced to turn to bull fighting in order to keep body and soul together. Today, wherever you go in Spain—in Madrid, in Barcelona, in Toledo, in Cleveland—you will see bulls being fought. For many years the bulls have sought to arbitrate this long-standing dispute, but the Spaniards, a proud people who use nothing but Castile soap, have rejected all overtures.

It is therefore necessary for me to explain bull fighting to anyone who is going to Spain. It is also necessary for me to say a few words about Marlboro Cigarettes because they pay me for writing this column, and they are inclined to pout if I ignore their product. In truth, it is no chore for me to sing the praises of Marlboro Cigarettes, for I am one who fairly swoons with delight when I come upon a cigarette which gives you the full, rich taste of good tobaccos plus the pure white Selectrate filter, and Marlboro is the only smoke I have found that fulfills both requirements. Oh, what a piece of work is Marlboro! The flavor reaches you without stint or diminution. You, even as I, will find these statements to be happily true when once you light a Marlboro. Marlbors come to you in soft pack or Flip-Top box, and are made only by the makers of Marlboro.

But I digress. Let us return to bull fighting. Bulls are by nature bellicose creatures who will keep fighting till the cows come home. Then they like to put on pipe and slippers and listen to the "Farm and Home Hour." However, the Spaniards will not allow the bulls any surcease. They keep attacking the bull and making veronicas—a corn meal pancake filled with ground meat. Bulls, being vegetarians, reject the veronicas and then, believe you me, the fur starts to fly!

To be perfectly honest, many Spaniards have grown weary of this incessant struggle and have left their homeland. Columbus, for example, took off in three little ships—the Patti, the Maxene, and the Laverne—and discovered Ohio. Magellan later discovered Columbus. Balboa also sailed to the New World, but he was silent on a peak in Darien, so it is difficult to know what he discovered.

Well sir, I guess that's all you need to know about Spain. So now, as the setting sun casts its rosy fingers over El Greco, let us take our reluctant leave of Spain—or Perfidious Albion, as it is jocularly called. Aloha, Spain or Perfidious Albion, aloha!

© 1963 Max Shulman

* * *

Let us not, however, take our leave of smoking pleasure. Let us keep enjoying those fine Marlboro Cigarettes—rich, golden tobacco—pure white Selectrate filter—soft pack or Flip-Top box—available in all fifty States of the Union.

Glee Club Sings With Marymount Tonight: Releases New Recording

by Jim McMahon
The St. Michael's College Glee Club, under the direction of Mr. William Tortolano, will close out one of the most successful seasons in its history with the presentation Saturday evening of its traditional Parents' Weekend concert.

The event, which will be held in Austin Hall at 8, will feature also the glee club of Marymount College of Tarrytown, New York. In addition to various numbers from their own repertoires, the two groups will join the presentation of Mozart's Grand Mass in C Minor, directed by Wolfgang Shanzer, director of the Marymount Glee Club, and Honegger's dramatic modern work, "King David," directed by Mr. Tortolano.

Preceding the Glee Club concert, the ROTC Band will present a short program of selected numbers on the patio of the Student Union building. The band concert will begin at 7:30 under the direction of James Beams.

On Sunday, the College Choir will sing the 9 o'clock Low Mass. In recent elections, Robert McDonald was chosen as president of the Choir, which has had a very active season including various away concerts.

One of the highlights of the Glee Club's season, which saw the group travel some 3000 miles to such places as Boston, Port-

land, Newport (R.I.), Springfield and New York City, was the recording of a long-playing album which will go on sale this weekend.

The album, entitled, "In Concert -- St. Michael's College Glee Club" features a variety of

numbers from sacred works to a version of the popular "Marry a Woman Uglier Than You."

It will be on sale for \$3.98 in the bookstore in Alliot Hall from 11:30 to 1:30 Saturday and before and after the Glee Club concert Saturday evening.

Campus Actor To Work With St. Michael's Group

by James Bosjolie
A professional summer theater company has awarded Mr. Stephan Mayo a scholarship which allows him to appear with them this summer at St. Michael's Playhouse. Mr. Mayo, from Troy, N.Y., is a freshman at St. Mike's and is an active member of the Drama Club of which he is vice president.

After doing summer stock work, Mr. Mayo hopes to also take a full part in the activities of the Drama Club next year. These activities include taking part in a full length musical, "Brigadoon" by Lerner and Lowe and an original play, as yet untitled, by Mr. James Cronin.

Further business planned by the dramatic society includes a series of one act plays staged either as workshop or actual show productions.

There will also be one or two instruction workshops where members can acquire valuable experience on how to construct a set, light a stage, etc. This workshop is also open to the student body. Any student may observe or take part in it.

Next year's ambitious program

Stephan Mayo

will be under the guidance of Mr. Donald Rathgeb, drama coach of St. Michael's, who was responsible for much of what the club achieved this year.

For in addition to the full length play "The Comedy of Errors" many students will also remember the two one-act plays, "Escorial" by Michel de Ghelderode and "It Should Happen to a Dog" by Wolf Mankowitz. However, students will recall that the Drama Club also helped in the production and staging of the opera "Maid Mistress" earlier this year. There was also a drama workshop in which scenes from "The Death of a Salesman" were acted out, and a talk by Dr. Fairbanks on the essence of drama.

(Photo by Lilly)

Mil. Weekend Different; Varied program popular

On Friday night, November 9, 1962, the cadet wing saw the beginning of its 12th annual Military Weekend. This Weekend differed somewhat from week-ends past. Instead of the usual jazz show on Friday, the cadets and their dates were treated to a Variety Show.

The show started with the wonderfully enjoyable comedian, Dave Astor. Following Dave to the Alliot Hall stage was Johnny Nash. Cadets were well pleased, to say the least, with his jazz, folk, and blues selections.

The musical background for Mr. Nash and the dance music to round out the evening was provided by Frankie Scott and his Scottsmen. Singing with the Scottsmen was the talented female vocalist, Jackie Billman.

"Blast Off" was the password to the Saturday afternoon Twist dance in Austin Hall. Rick Naland's Nightriders provided the entertainment.

Following the Twist, the next event was at the Hotel Vermont. Here, the regular Air Force officers and their wives together with the Advanced Corps and their dates held the traditional Officers' Banquet.

Following the Banquet was the formal Military Ball in Alliot

Hall. The Dick Wright orchestra provided superb entertainment. The highlight of the Weekend came when Lt. Col. Michael Jacobs, Professor of Air Science, crowned the Queen of Military Weekend.

To bring the events to a fitting close, the Very Reverend Gerald Dupont, SSE, president of St. Michael's college, offered a Military Mass at 11:30 Sunday morning. Following Mass coffee and doughnuts were served in Alliot Hall by the wives and faculty members of the Department of Air Science.

Pledge Program

On March 7, the Chaplain John Verret Squadron of the Arnold Air Society commenced its 1963 Pledge Program.

The aim of this academic, psychological, and physical training was the development of the "whole man" and the consequent preparation of the pledge for his role as an officer in the Advanced Corps and ultimately in the Air Force. Additional benefit was derived from the program in that the training was quite similar to that which all Junior Officers encounter during ROTC Summer Camp.

Cadets Honored At Review

by C 2nd Lt. Edward Leete

On May 11 and 12 St. Michael's will hold its annual Parents' Weekend. This is one weekend which is packed with festivities and activities from which the student's parents can observe and enjoy the environment in which their son is now living. In these days the parents may learn about their son's achievements both scholastic and extra-curricular. One of the high points of this annual weekend will be Air Force ROTC final Military Review. The highlight of this review for both the student and his parents will come when the outstanding cadets receive their awards for achievement.

This year the following Advance and Basic course cadets will be honored for their outstanding performances:

Junior John Durkin will receive the American Legion Plaque and Medal for the unit Commander that has the highest efficiency rating.

The Chicago Tribune Award, 2 Gold and 2 Silver medals, will be presented for outstanding performance in a staff position - Gold Medals:

Seniors Bard O'Neill and Robert Jacon;

Silver Medals:

Juniors Bruce Burkhardt and John Reid.

Sophomore Kevin P. Wright

will receive the General Dynamics award for outstanding Basic cadet selected for the Advanced course and this will be presented by Major General Francis Billado.

Senior William E. McMahon will receive the Military Order of the Loyal Legion for the most outstanding Senior cadet and this will be presented by the Reverend Francis X. Gokey.

Junior David L. Rack will receive the Reserve Officers Association Award for the most proficient Flight Commander.

The Sons of the American Revolution award for the most outstanding cadet in each Basic academic year for character and leadership will be received by: Freshman, Stephen J. Cole, and Sophomore Terence C. Flukes.

Senior John W. Vandeventer will receive the Verret award for outstanding contribution to AFROTC training. It will be presented by the Rt. Rev. Edward J. Fitzsimons.

Freshman Edward K. Maloney will receive the V.F.W. award for outstanding and most proficient member of the Freshman class.

The Professor of Air Science awards for Basic cadets, to be presented by Lt. Colonel Michael C. Jacobs, for;

REPLY TO PAS

ATTN OF:

SUBJECT: Congratulations

TO: All Cadets

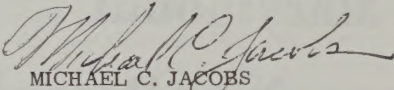

The Final Review of the Cadet Corps on 12 May is the climax for the year of AFROTC training at St. Michael's. The Review should be a source of pride in accomplishment for all concerned. It has been a good year. The cadet corps has distinguished itself in planning and executing an excellent training program. Noteworthy achievements included the building up of Basic Corps participation as NCO's and Squad Leaders, emphasis on instructional techniques and the development of lesson plans to improve instruction within the Corps.

Cadet Officers, NCO's and Airmen have shown great improvement since last fall. In the exercise of leadership technique, self discipline and devotion to the Corps, all cadets this year have indicated a greater awareness of the grave problems which face the nation and the need for military preparedness.

This page, devoted to AFROTC at St. Michael's College, is indicative of the many activities sponsored and conducted by the Corps. I am sure it will be interesting to review the year's accomplishments and to set our sights even higher for next year.

My sincere thanks for your cooperation this year. It has made my job as Professor of Air Science pleasant and rewarding.

Have a refreshing vacation,

MICHAEL C. JACOBS
Lt. Colonel, USAF
Professor of Air Science

This supplement was prepared especially by the SMC AFROTC detachment to acquaint the visiting parents with its activities during the past year.

Seniors Active In FIP

St. Michael's College AFROTC each year takes part in the Flight Instruction Program, FIP, which gives qualified members of the Advanced Corps of cadets the opportunity to learn how to fly a single engine private aircraft, and to ultimately receive a private pilot's license.

To be eligible for this program a student must be a senior, pass a rigid Air Force physical and qualify for a pilot rating on the Air Force Officer Qualification Tests.

The program is divided into two distinct sections, consisting of thirty hours of ground school conducted by Lt. Col. Michael

Jacobs and thirty-six hours of actual flight training. Ground school is conducted three days a week in cadet operations in Mike-town. This course covers chart reading, basic flight navigation, etc.

Frank O'Connell, a member of the Vermont Aviation Co., is the flight instructor. At the end of the program the students may obtain a private pilot's license from the Federal Aviation Agency.

Seniors who participated in the program this year are: Thomas Dudac, John Vandeventer, Andrew Fay, Steven McElroy, William McMahon, Bruce Martin and Harry Haarup.

Theologian Gives Talk; Stresses Military Need

by C1st Lt. Robert Lilly

Gerard P. Duford, S.S.E., of the Theology Department, addressed the members of the ROTC Detachment early in the second semester. The topic of his talk was: "A Theologian Looks at the Military."

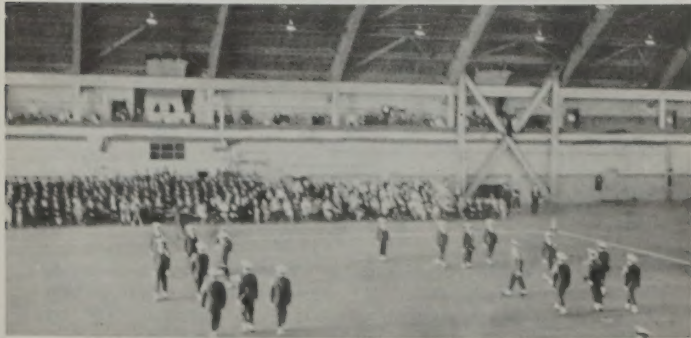

"It is not easy to be completely objective in our consideration of something...which is in daily attendance upon our thoughts, our actions, our plans." He said that if some of these things are unpleasant, it is normal for our mind to oppose them. Because of this outlook, one may very easily distort the facts or attempt to obliterate their existence from our conscious mind. Father Duford called this the "psychology of intellectual blindness and of prejudice."

Father said, however, that he did not fear prejudice, ignorance or misconceptions but that he did fear the positive refusal to be enlightened, "the refusal of the human will to accept the truth, the reality, which the mind sees."

He applied this to the military and the attitudes of many students to the military. He stressed that in this day of mass communications of ideas and prejudices we are prone "to absorb unrealistic attitudes towards military realities." He added that it seemed to him that it is the attitude that the military condition of life is an "unmitigated" evil.

The theologian then gave a brief history showing how, in human society for the past two thousand years, there has been a real necessity of the military for the continued existence of Christianity. This is true, he said, because men are addicted to "human perversity arising from man's inability to perfectly control his passions."

In our Christian society, he went on, military establishments are intended for "the preservation of our own existence as a Christian world." He then raised the question: "are we or are we not willing to make the efforts necessary to preserve the Christian life?"

The Drill Team performing at Westover Air Force Base, Mass., where they won their seventh straight New England championship in April. They are the first team ever to win seven in a row and they have never lost a New England meet. This year's team is commanded by Junior John Durkin.

Cadets Fly During Year

Four cadets stand on the wing as the fifth (in the cockpit) prepares for take-off in the T-33 jet trainer.

During the course of the year, a number of cadets were given the chance to fly in various aircraft. Both basic cadets and advanced corps cadets participated in these flights.

Helicopter rides and rides in the large C-123 transport were very favorably received but the most popular and sought after trip was the one in a T-33 jet

trainer. This aircraft, capable of speeds close to six hundred miles an hour, is used as a primary trainer for fighter pilots.

While aboard the jet, the cadets were given the chance to fly it themselves and were also given demonstrations of the effect of G-forces where one's weight is increased momentarily because of the activities of the aircraft.

Arnold Air Had

Busy Year

by C/1st Lt. John Reilly

Back in September an Arnold Air Society member was told by a classmate that the boys at St. Joseph's Child Center had little sports equipment for the fall season. Two days later the Child Center was presented with 100 dollars worth of football helmets, footballs, basketballs and a check for an additional \$100. Thus started the finest year of AAS activities yet on record.

Next came the poorly attended lecture on "Moral Responsibilities Today," given by the dynamic chaplain William J. Clasby, Command Chaplain of the USAF. All who attended the lecture were at a loss for words in attempting to describe to their classmates just what they had missed.

The twelfth Annual Military Weekend sponsored by the Arnold Air Society received the acclaim of the entire campus - and why not? The entertainment line-up included such names and great talents as Dave Astor, Johnie Nash, and Frankie Scott and his Scottmen, with vocalist Jackie Billman.

As Burlington dressed up for Christmas the Arnold Air Society, in conjunction with the Crown and Sword Honorary Society, the Knights of Columbus, and the Glee Club, began planning for the Children's Christmas

Party at St. Joseph's Child Center. Surely no one can forget the mute thank yous written in smiles on the children's faces.

Early in February four officers of the Society travelled to Holy Cross College in Worcester, Mass. for the area A-1 Conclave. This conclave provided an opportunity for all schools in the Northeast having Air Force ROTC to get together and swap ideas on fund raisings, squadron social activities and Community projects.

When the snow disappeared from campus, the Arnold Air Society members of the Advanced Corps challenged the remaining non-members of the Advanced Corps to a touch football game. Surely enough, at the final gun it was the "good guys" 20, Arnold Air 6.

The big spring activity for Society members and, as expected, the entire campus, was the pledge program. Other activities of the Society included serving as an Honor Guard for the opening and closing of the Forty Hours Devotion, a coffee hour for the Advanced Course applicants and the presentation of the Aerospace Briefing team on Monday night, April 8.

Many activities of the Arnold Air go by unnoticed but that is not to say that it is a rudimentary society. As the year draws swiftly now to its end all groups on campus tend to become inactive.

It has been a great year for the AAS and all are looking forward to next year when they will continue their objectives of advancing air and space age citizenship through service to the administration, the detachment, the school and the community.

In addition, they had to prove that they were officer potential in an interview with an Air Force officer, a member of the college faculty, and a member of the administration of the college.

Those already accepted are: Wayne Bordeau, Andre W. Courchesne, James E. Couture, Edward T. Broderick, Terence C. Flukes, James A. Kavanagh III, Ronald F. Kozma, Gerald I. Loftus, Peter A. Marini and James E. O'Brien.

Also: Paul M. Ozyck, Luis W. Rosato, Jr., Michael F. Ryan, Walter Schmitt, Richard D. Tero, Anthony V. Villanti, Jr., Francis A. Stratford, Jr., Kevin P. Wright, and Anthony V. Plomitallo.

Cadre Has Wide Background

The 865th Detachment of AFROTC cadets at St. Michael's College is headed by Lt. Colonel Michael C. Jacobs, Professor of Air Science. The Colonel lives in Jericho Center with his wife Janet and nine children, ranging from ages two through eighteen years.

He has been in the service for twenty years, coming to St. Michael's in 1950 from the island of Guam where he served as an Intelligence Staff Officer. Colonel Jacobs graduated from Fordham University in 1943 where he was commissioned. In 1962 he received his M.A. in teaching from St. Michael's. In his leisure hours the Colonel enjoys skiing and sailing.

Major Colin C. Reilly also came to St. Michael's in 1959 after serving with the 86th Fighter Interceptor Wing in Germany. During World War Two, he served in China, he flew 23 combat missions and put in over 97 hours in an F-51. After the war, the Major went into the Reserves. He has been on continuous active duty for the past thirteen years.

Major Reilly received his education in the University of California, where he was awarded a B.S. degree in Pathology in 1950. He is the father of four children and lives with his wife, Rachael, in Essex Junction. His hobbies include skiing and tennis. The Major is looking forward to his assignment to the Air Defense Command.

Our cigar-smoking member of the Cadre is Major Robert R. Wilkins. Major Wilkins was born in West Virginia. He is the father of two children and makes his home in Essex Junction with his wife Jean.

During World War Two, he flew 33 combat missions totalling over 250 combat hours in B 17's. The Major has been on continuous

Colonel Michael C. Jacobs

active duty for the past 12 years.

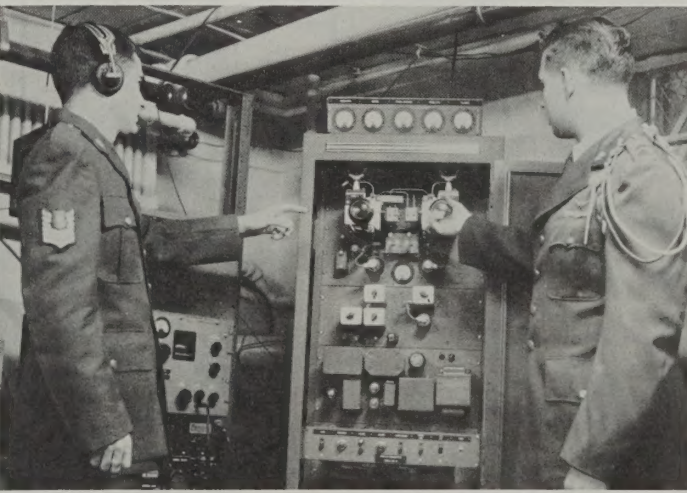

In 1949, Major Wilkins was graduated from the University of Pennsylvania and later attended the University of Memphis Law School for two years. In 1959 he came to St. Michael's after serving as Budget Officer in England. While at St. Michael's, The Major has acted in the capacity of Drill Team and Arnold Air Society Advisor.

At the end of this year the Major will be transferred to Washington, D.C., where he will serve as Budget Officer for the Intelligence Division at the Pentagon. Major Wilkins hopes to be able to complete his study for a degree in Law.

The Commander of Cadets at St. Michael's College is Captain John M. Leary. Captain Leary is a graduate of Harvard University. He received his B.A. degree in Economics there in 1950.

During World War II he served in the Marine Corps. In November 1950 he was commissioned in the United States Air Force and has been on continuous active duty for the past twelve years.

Before coming to St. Michael's this year he served as Budget Officer in Spain. He is the father of four children and lives in Essex Junction with his wife Priscilla. The captain is looking forward to another three years stay at S.M.C.

Bill Crennan shows a cadet some of the MARS radio equipment.

Mars Station Completes Fourth Year At SMC

The ROTC sponsored Military Affiliated Radio Station (MARS) completed its fourth year of operation at St. Michael's. Its first meeting was held back at the end of September.

Since that date the station has been busy contacting remote stations and giving cadets and other students the opportunity to learn the fundamentals of Ham radio broadcast.

The purpose of MARS is to back up the Air Force communication system in the event of a national emergency and to aid communications in the event of a local disaster.

In its short life on campus, the organization has performed

many outstanding feats. Among these are: contacting some forty countries all over the world (for example, Australia, Malta and Russia), the station made contact with the USS Randolph while the ship was on its way to pick up Lt. Col. John Glenn, USMC, after his orbital flight of the world.

After three years of hard work, the group has also received the WAS award for contacting all the states in the United States.

The officers of the organization this year are: Major William J. Crennan, Commander, Administrative officer, Carlton F. Voght, and Operations officer, Wendel Geng.

MSgt. James R. Heth is the Air Force Property Officer for the Detachment, coming from Thule, Greenland in November, 1962. He has 18 years of active military service, serving with the Air Force since its organization as a separate branch in September, 1947.

Sgt. Heth has a Bachelor's Degree from the University of New Mexico and is working toward a Master's Degree at the University of Vermont.

The Detachment Sergeant Major is TSgt. Chester M. Paul. Sgt. Paul was born in Wisconsin. He has served with the Air Force for 12 years. He came to St. Michael's in 1960 from Texas where he worked in Group Staff Divisions.

Sgt. Paul is married and the father of four. He and his wife, Agnes, live in Burlington. The sergeant is currently doing undergraduate work for a degree in Business Administration.

SSgt. Raymond G. Travis came to St. Michael's from AFROTC Headquarters at Maxwell Air Force Base, Alabama, in 1960. He is the NCO in charge of cadet records and administration. He has thirteen years of USAF Service.

Sgt. Travis is the father of seven children. He and Mrs. Travis make their home in South Burlington.

SSgt. Dwinal M. Deeves, originally a native of Maine, now makes his home in Essex Junction with his wife Sharon and three children. He came to St. Michael's in 1959 from Presque Isle, Maine and is currently Personnel/Specialist and works in Administration. Sgt. Deeves is also doing undergraduate work for a degree in Education.

At the close of this academic year Sgt. Deeves is being re-assigned to Germany. He has been in the USAF for nine years.

His hobbies include rifle shooting. He has coached the ROTC rifle team here on campus.

The corps of cadets at St. Michael's College wish to express their appreciation and heartfelt thanks to those members of the AF staff who are leaving us at the close of this academic year. We wish them the best in their new assignments.

WE SALUTE YOU FOR A JOB WELL DONE!!!

Beams New Band Head

Mister James Beams, a senior from the University of Vermont majoring in Music Education was made the new director of the ROTC Band.

Formerly a member of the United States Navy Band where he played trumpet for two years he also studied at the New England Conservatory of Music. Thus he brought to St. Michael's the benefits of a fine musical background and the valuable first hand experience of participation in one of the country's finest bands.

A big improvement was noted under his direction. At the Christmas concert this was shown when they played their rendition of "First Suite For Band" by Gustav Holst.

ROTC Welcomes All Mothers
On Mother's Day.

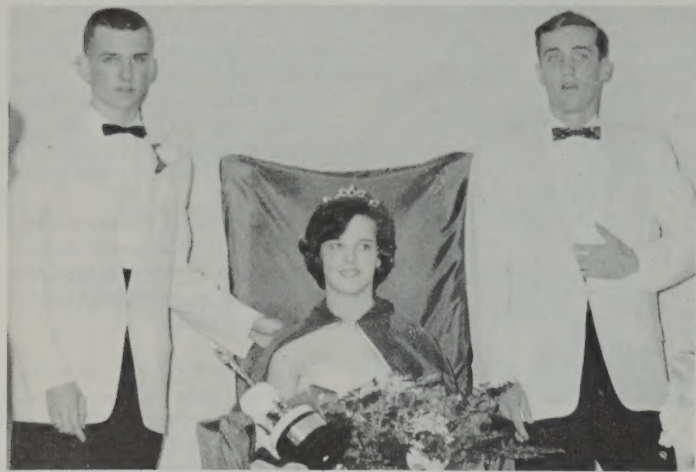

19 Picked For Advanced Corps

Nineteen members of the Sophomore class have already been accepted into the advanced corps, announced Lt. Colonel Michael C. Jacobs, Professor of Air Science at St. Michael's.

This is the first year that such a large group have been accepted at this early date. However, the need for a large number of competent officers in the Air Force has resulted in a need for larger ROTC detachments across the country. It is with this in mind that Col. Jacobs decided to begin early in his final procurement.

The cadets, in order to be accepted, had to pass the Air Force Officer Qualification Tests given last fall, and a rigid physical exam at Plattsburgh Air Base.

Jr. Weekend "Best Ever" Say Those Attending

Queen Committee Co-chairman Wally French (left) poses with '63 Jr. Weekend Queen Margaret Hult while her escort, Dave Curley, assumes his role as King of the Weekend at Saturday evening's ball.

(Duganphoto)

by Jack Howe

After many months of hard work and a little blood, sweat and tears, Co-Chairmen Bill Jack and Mike Martin put on the finest Junior Weekend St. Michael's has ever seen.

All who attended the festivities on Friday night and saw the Highwaymen agreed it was excellent entertainment. The Highwaymen sang some of the best selling records and then went on to give their own special touch to other folk tune favorites.

On Saturday afternoon the Thunderbolts rocked, rolled and twisted the Michaelmen in Austin Hall for a few hours and after that bit of physical exertion all adjourned to the ski jump in back of Fanny Allen for a most delicious fried chicken dinner with all the fixings. When they got through their little repast, it was time to get ready for the evening portion of the Weekend entertainment.

Around 8:00 the Knights began to arrive at Alliot Hall where

they were entertained by the dreamy music of Sam (The Man) Taylor and his orchestra. Shortly after, Miss Dakota Staton came on the scene and swept the audience through Tara with her own particular jazzy sound.

During the intermission between Dakota's performances Mr. Jeff Ketterson and Mr. Wally French crowned the queen of the Weekend, Miss Margaret Hult. She was escorted by Mr. David Curley. Mr. Ketterson (the Bert Parks of SMC) noted later on that it was most difficult to select the queen from such a group of beautiful of candidates. Many factors were taken into consideration in choosing the queen and Mr. Ketterson regretted that all the girls could not have been queen.

By the time the Weekend came to a close the general feeling among those who attended was that, "It was too short." We can only hope that future Weekends will be as enjoyable as was this one.

More Appointed To '64 Shield

After reviewing the many applications which were received, the editor and advisory committee of the '64 Shield have made appointments.

Tom Brown and Ed Olander were selected as co-editors of the Shield's Art Department for the coming year. Bob Sweeney, past head of the MICHAELMAN'S business department and business manager for Junior Weekend, received the business editorial position. Jeff Ketterson and Jack Howe were selected as

co-editors of the Copy Department after having exhibited great interest and initiative.

The Senior Section, one of the most important parts of The Shield, fell into the able hands of John Sancomb. Brian Kelly was appointed editor of the sports department and should have little trouble handling the job, with his thorough knowledge of sports.

All those who requested to work in these departments will be contacted by the department heads in the near future.

Sr. Weekend Plans Set; Dr. Pfeifer To Speak

by Kirk R. Weixel

The Senior Class at St. Michael's will hold its final college gathering Senior Weekend beginning Saturday, June 1.

The weekend will open with a luncheon in Alliot Hall at 12:30 on Saturday. Toastmaster for the event is the Rev. Geoffrey I. Keating, S.S.E., with Edward J. Pfeifer, Ph.D., Professor of History at St. Michael's, as the guest speaker.

At 5:30, there will be a social hour before the award dinner and dance at 6:30. This Dinner Dance is the only formal function of the weekend. Parents, however, are not expected to dress formally. The attire for them will be a suit for the men and cocktail dress for the women.

Toastmaster for the evening is Edward F. Murphy, Ph.D., Professor of English at the college, with the Very Rev. Gerald E. Dupont, S.S.E., resident of St. Michael's the main speaker.

SUNDAY

Sunday's activities begin at the Memorial Mass held in the college chapel at 9:30 A.M. The celebrant for the Mass is Father Dupont. The Mass is followed by a Delta Epsilon Sigma Communion Breakfast.

From 3:00 - 5:00 P.M. Sunday, Father Dupont will act as Guest of Honor for the President's Reception in Alliot Hall. At 8:30 the same evening, Baccalaureate services will be held at the Cathedral of the Immaculate Conception, Burlington.

The festivities will conclude with Commencement at the Burlington Memorial Auditorium, Monday, June 3 at 10:00 a.m.

According to Tony Troy and Ed Dery, Co-Chairmen for the Weekend, ticket sales have proved so successful that this year's Senior Weekend will be the largest yet.

Marcoux Heads C&S Officers

The Crown and Sword Society has elected its officers for the coming year. Dennis Marcoux succeeds Joe Curtin as President of the society. His fellow officers include Jose Cao Garcia as vice-president, William Murphy as secretary, Dennis Foley as treasurer, and Greg Tocci as corresponding secretary. Kevin St. John was appointed as Student Forum representative and Ron Lysik as Parliamentarian. John Rielly was elected as historian of the society.

The Crown and Sword has been allotted the sum of five hundred dollars by the Student Forum in order that it may publish a date book which will be available to all students in the fall. This has been done by many other colleges throughout the country with a great deal of success.

Mr. Marcoux has appointed Charles Lavezzoli as chairman of a scholarship committee which is working out plans to help needy students throughout the state of Vermont. It is hoped that the scholarships will be available within a year.

P.R. Director At Ed. Convention Last Week

Mr. John D. Donoghue, St. Michael's College Public Relations Director, headed the Vermont delegation to the National School Boards' Association annual convention. The convention was held April 27-30 in Denver, Colorado.

The President of the Vermont State School Directors' Association, Mr. Donoghue is a member of the South Burlington School board and has been school director for the past 10 years at South Burlington.

The Vermont delegation included a party of four persons to the convention. Over 5,000 attended the 5-day meeting.

Topics discussed included Federal aid to education, improvement of supervision in schools, new methods in construction of schools, educational television and the question of a teachers' union.

Last year, Mr. Donoghue was also one of the official delegates of Vermont to the convention held in St. Louis.

Graduation Speaker

(Continued from Page 1)

received the college's Alumni Award for sustained the loyal service. He is a member of Delta Epsilon Sigma, the national Catholic honor society.

In Laconia, Boutin has been a vice president of the N.H. Association of Insurance Agents, state deputy of the Knights of Columbus, exalted Ruler of the Laconia Lodge of Elks, a director of the Laconia Chamber of Commerce, a trustee of the Laconia Hospital, a member of the St. Jean de Baptiste Society and a director of Rotary. He also served on the President's Committee on Highways.

VERSATILE

When he received the college's alumni award, the citation said in part: "Rarely in 14 years has an alumnus of this or of any other college presented such an impressive list of contributions to the life of his Community and to his Church."

He, Mrs. Boutin, their five sons and five daughters make their home now in Washington.

Boutin will speak Monday, June 3 at 10 in Burlington's Memorial Auditorium at the 60th Commencement when some 200 Seniors will receive their bachelor's degrees. Baccalaureate speaker the night before in the Immaculate Conception Cathedral is Most Rev. Joseph A. Durick, auxiliary bishop of Birmingham - Mobile.

will return a few days early in September to conduct the activities of Freshmen Week which has been the practice of the society since its founding.

Airmen And Norwich Fall To Michaelmen Golfers

The St. Michael's College Varsity golf team managed to keep its hopes for an unbeaten season alive. The Purple Knights edged out a 4-3 victory over the Cadets from Norwich.

The match was played at the Barre Country Club. Victorious for the Knights were Marty King, Ernie Church, Jack Harvey and Mike Traghese. Losers were Don Banks, Tom Moylan and John Coangelo who lost an extra hole thriller.

For the first time in the history of the school, S.M.C. will carry an undefeated record into the state meet. If the team is victorious and able to beat this same Norwich team next Monday, St. Michael's will have its first undefeated golf team.

"This sign was seen in a church near here: 'You can't take it with you but you can send it on ahead.'"

On Friday May 3, the St. Michael's College Varsity golf team traveled to Plattsburg, N.Y., to play the Plattsburg Air Force team. Playing under the worse type of conditions (golf course), the Knights managed to hold their composure long enough to trounce the Airmen by a 6-1 count.

With this victory, the linksters took another step toward accomplishing the first undefeated golf season in the history of St. Michael's.

The results of the matched were as follows:

John Coangelo won handily over Rony Tamblyn, 6 & 5, Jack Harvey defeated Carl Ripley 4 & 2, Marty King defeated Pete Martin 2 & 1, Tom Moylan managed to handle Fred Clark 4 & 3 while Sophomore Mike Traghese disposed of Walt Goeder 3 & 2. The lone loss for the Knights was Donny Bank, who was defeated 5 & 3 by Kent Walker.

Elections

(Continued from Page 1)

Murphy, '65, and Mike Romanko, '66, scored victories in their respective classes.

William Eagan, '64, Vic Fresca, '65, and John Ryan, '66, became the new Class Treasurers.

In the race for representatives to the Student Forum for next year, Michael P. Smith, William Jack, Donald Cipriano, and Richard Moughan, were victorious in the new Senior Class.

The Juniors will send Jack Davidson, Pat Ryan, Richard Tarrant, and Frank Stratford to next year's Forum. The Sophomores elected Bud Abbott, Richard Curtiss, Ted Bennis, Chuck Anderson, and Gil Reagan to the office of representative.

Voting percentages by classes were broken down thusly: Seniors - 68.5%, Juniors - 96%, and Sophomores - 87%.

The only other issues up for vote were the new proposed amendments to the Student Forum which were approved.

Dartmouth Rally Takes St. Michael's In Ninth

The St. Michael's College Varsity baseball team fresh from their stunning victory over Vermont, almost pulled its second straight upset only to hand Dartmouth a 9-8 decision. The loss was a tough one to take as the Knights led all the way until the tragic ninth.

The game got off to a wild start as first baseman Ron Lysik belted a homer with two aboard to push the Knights into a four run first inning lead. The Saints pushed their lead to 5-2 as they were able to pick up a single run in the third while the Indians were notching their first two. In this particular stanza Ron Lysik belted what seemed like to be another homer but he failed to touch third base and he was called out.

Dartmouth rallied for three runs in the sixth via four singles, an error and a sacrifice fly. With these three runs, the Indians

were able to cut the deficit down to two, as the Knights had led momentarily by 5 runs, two of which came in the fifth on Frank Logan's long triple.

Dartmouth then managed to tally one in its half of the seventh but the Markeymen picked up an insurance run in the eighth. Going into the ninth, the Knights led by two but reliever Fred Dupras was unable to protect the lead. Four Dartmouth batters were able to pick up four solid hits and three runs which pushed them into the lead for the first time. Bucky Egan led the Purple ninth off with a single but he was stranded at second as Dartmouth reliever Tony Caterino was able to set the next three Knights down in order.

With this defeat, the Knights' record fell back to the .500 level at 3-3 while Dartmouth was picking up their sixth win against 10 losses.

New Summer Grad. Course Here

A course in Educational Public Relations will be offered for graduate credit at the 25th Summer Session of St. Michael's College. The session, for men and women, opens July 1 and ends August 9.

Rev. Paul A. Morin, S.S.E., acting director of the session, said that the course will treat how to organize, present and evaluate a program of good public relations for public and parochial schools. The program is offered for those preparing for administrative positions and for teachers interested in taking over such duties.

The instructor will be St. Michael's public relations director, John D. Donoghue.

A veteran teacher and School Board member who is now president of the Vermont State School Directors' Association, Donoghue is a past director for New England of the American College

Public Relations Association.

St. Michael's Summer Session was established in 1939 to assist teachers. Several special programs are being offered to mark the 25th session.

The Michaelman's Mike

by Mike Tranghese

This being the final issue of THE MICHAELMAN let us close up the sport season by taking quick review of this past year.

Despite the absence of football in the fall, the campus was supplied with many thrills by the Soccer team under the hand of "Doc" Citarella. The team experienced a fine season finishing second in state competition. Highlighting the season was the booters' 3-2 decision over a highly regarded Middlebury team. The team looks to be like a powerhouse next season as "Doc" will be losing the services of only Ed Magee.

Another big attraction during the fall was the intramural football league title which was captured by the Juniors. The only blemish on their record was a 6-6 tie at the hands of the improving Sophomores. This game was one of the best played in the league in many a year.

With soccer and intramural football passing by, the enthusiasm for another thrilling hoop season began building up and it was finally highlighted by the annual rally here at the Hilltop. The Knights were unable to pull in a berth to the regionals. Despite this, the thrills were plenty. Top moment of the season was that great come-from-behind victory over St. Anselm's in which Senior Walt Baumann scored 19 second half points. The team ended with a season mark of 13-5 and the outlook for next season is "excellent".

Intramural basketball was also supplying many students with a few thrills, as the Sophomores after finishing in third place in the first round came on strong to overtake both the Juniors and Seniors. In the championship tilt the Sophs downed the Seniors 62-57 in a spine tingler.

Springtime is here now and the predominant sports on campus are baseball, golf and intramural softball. As this article is being written, the baseball team stands at 3-3 with one of their victories coming over the Catamounts of Vermont. This was one of the most thrilling moments during the season, since our big bad neighbors across the river were supposed to be "O, so good". What even delights me more is to see those Vermonters lose nine in a row.

Intramural softball has produced quite a surprise this season as the Sophomores have become the powerhouse of the league behind the strong arm of Eddie Kryger.

The linksmen are moving along at a rapid pace also. At the time this article is being written, the team is undefeated (4-0) and they are busy preparing themselves for State and New England competition.

The sports trail for this year has reached its end. It has been a very interesting one in which it has been my pleasure to serve the students of St. Michael's College with all the inside views on the various sports. I am looking for next season to be even a better one. So from the Michaelman's Mike, have a good summer and prepare yourself for another great sports campaign.

SMC Golfers Take Vt. Championship;

Ernie Church Sets Hot Pace With 77

Led by medalist Ernie Church, the St. Michael's College Varsity Golf team captured their second straight state championship. The meet was held this past Friday at the Burlington C.C. and was hosted by the University of Vermont.

Going into the meet St. Mike's was co-favored with Middlebury. The Knights knew they had to go out and shoot some fine golf and that is just what they did, Ernie Church led the surge as he fired a fine 77 and took first place in the individual competition. Ernie was followed closely by teammate Don Bank who had a 78, and Mike Tranghese and Marty King fired 81 and 82 respectively.

The team in winning compiled a total of 318 which was nine shots better than second place Middlebury. Coming in third some 23 shots off of the pace was the University of Vermont. Filling the final slot was Norwich who had a 348 total.

Ernie Church in winning fired nines of 40-37. Ernie ran into putting troubles on the front side when he had three three putt greens but Ernie regained the touch just in time to can a 15 footer on the final green for the title. Don Bank also played some fine golf. Coming into 15, Donny was but 3 over par but he ran into double bogey difficulty. Both Marty King and Sophomore Mike Tranghese were in contention for most of the way but putting trouble was the main reason for their falling off of the pace.

With this victory the team pushed its record to 7-0 and if it can top the hapless Norwich Cadets this coming Monday they will have completed an undefeated golf season, the first in the history of the school.

The team with this title packed away now travels to the Taconic C.C., where the Knights will take a crack at capturing their first New England title.

Norwich Stops Knights

No Support For Bushel

Norwich's Fran Kasheta halted any ideas that the St. Michael's College baseball team may have had for a state series sweep. The right handed throwing Kasheta was superb, as he stuck out 15, gave up but six singles and did not allow a run until the final frame. He led the Cadets to a 6-1 victory.

Junior Rod Bushel started for the Knights but was lifted after five innings. It was not that Rod pitched badly; he did well, but he received no fielding support whatsoever.

Norwich took the lead in the third with a pair of runs. Kasheta led off with a double and Brendon Cleary followed with a base on balls. Both men proceeded to score on an infield error and a sacrifice fly.

The Cadets added three more in the fifth on 4 hits and 3 infield errors. All these runs were tabbed as unearned. Mickey Moughan then came in to relieve Bushel and Mick was quite impressive as he sidearmed himself four shutout innings of relief.

The Knights were able to avert a shutout in the ninth when Tom Hickey's sacrifice fly scored Frank Logan who had reached first on a single and was advanced by Ron Lysik's single.

With this loss, the Knights' record dropped below the 500 level, as they now stand at 3-4.

Vermont Beats SMC, 2-0

Hurlers Decide Contest

The St. Michael's College Varsity baseball team despite the fine pitching effort of Fred Dupras dropped a 2-0 decision the University of Vermont.

Dupras, who pitched a fine game in giving up only six hits just ran into the wrong man in Vermont's Dick Cassini, who gave a sizzling performance.

Dick allowed the Knights but four hits.

Cassini was given his runs in the second and fifth innings when the Cats were able to put together a couple of hits and that was all the Catamounts needed because Mr. Cassini took care of the rest.

This was the second straight state defeat that the Knights absorbed and their overall record has now dropped to 3-5. In losing both of these state games the reason has been the inability of the team to get its pitchers any runs but their cause has not been helped much especially when they have run into pitchers such as Fran Kasheta and Dick Cassini on successive afternoons.

Weightlifters Tie For First

The Interclass Weightlifting meet held on April 8th resulted in a tie for the class championship. Both the Seniors and Freshman managed to compile a total of 11 points, which resulted in their being declared co-winners of the competition.

Placing third was the Sophomore class which compiled a total of five points. Lodged in last place all alone was the Junior class which was unable to pick up one point.

The competition was hosted and run by the weightlifting club. The club, headed by Senior Neil Fenton, did a masterful job in running this informal meet, as smoothly as anyone could hope. The enthusiasm and interest that was shown in these competitions was a welcome sight to the club, which has aspirations of competing intercollegiately in the near future.

"Let me put it this way—if your car were a horse, it would have to be shot."
